Tested for:

HOMOZYGOUS BLACK,
HOMOZYGOUS POLLED,
DRY MATTER INTAKE,
BVD NEGATIVE

POWERLINEGENETICS.COM

WHO IS *Powerline Genetics*

Powerline Genetics is a result of the evolution of a simple idea to begin with the end in mind. Power Genetics feedyards represents a supply chain based on high quality cattle. In order to feed better cattle, you need access to better cattle.

That concept led to a bull marketing business that sells bulls to cattlemen who are involved in the supply chain and continue to make the bulls better as well as accessible to those producers. These bulls are then used to produce some of the highest performing, feed efficient and high carcass merit calves in the world. Finally bringing those calves back into the feedyards to feed, harvest, collect/validate the data and close the loop.

Todd Sears
Beef Sales Director, ABS Global

SALE DAY *Information*

Offering some of the most popular sires of the industry with high customer satisfaction within both the seed stock and commercial sector. These leading ABS sired sons mated for calving ease, growth, carcass, and profitability all in one package are available for viewing at Cleveland Land & Cattle at anytime from now until sale time by contacting Richard Pittman. This group of bulls comes directly out of top donor females of the breed with some of the highest EPDs within the business at commercial prices. EPDs highlighted in yellow rank in the **Top 10%** when compared with all calves produced in the Powerline system in the last two calving years.

SALE SCHEDULE:

THURSDAY, NOVEMBER 16, 2017
4:00pm – Cattlemen's Social and Bull Viewing

FRIDAY, NOVEMBER 17, 2017
Noon – Lunch
1:00pm – Sale

SALE LOCATION:

Cleveland Land and Cattle
711 McQueen Smith Road South
Prattville, AL 36066

Take first left; follow it to big white tent at the Cleveland Land & Cattle Scale Barn.

Driving from Selma, Alabama, Travelling on AL 14 East
Turn right onto Autauga County road 27
In curve, turn right onto grey slag road at "398" mailbox.
Take first left, follow this to big white tent at the Cleveland Land & Cattle Scale Barn.

SALE TERMS:

TERMS: Terms of the sale are cash or check payable immediately upon conclusion of the sale and before animals will be removed. Bulls can be held at Cleveland Land and Cattle until December 15th, 2017 at no cost to the buyer.

RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals purchased are at the purchaser's risk as to loss or injury, and will be loaded according to purchaser's direction. Insurance will be available.

TRUCKING: We encourage everyone to travel as convenient as possible. We will make every effort to assist with trucking arrangements.

GUARANTEE: All bulls have been scrotal measured and fertility tested (BSE) by Powerline Genetics' veterinarian. Should any bull fail to breed cows, the matter shall be reported to the seller within six months following sale. The bull will then be returned to the seller who has the right to prove the bull a breeder. If the bull proves to be a non-breeder, the seller will return purchase price or replace the animal with another of equal value in full settlement and satisfaction. In no event shall seller bear responsibility for more than the purchase price. If a bull becomes a non-breeder by reason of injury, negligence or mismanagement, the seller's guarantee shall be void.

ANNOUNCEMENT: Announcements from the auction block will take precedence over statements in catalog.

LIABILITY: Owners nor sale management assume no liability for any accidents that may occur to the animal after it is sold. All persons who attend the sale do so at their own risk and owners or sale personnel assume no liability for accidents.

LAMNESS/SOUNDNESS GUARANTEE: All bulls have been monitored and examined periodically throughout the growth and development process. Should any bull become lame or physically unsound, the matter shall be reported to the seller immediately or within 30 days of delivery. The bull will then be returned to the seller who has the right to prove the bull as lame. If the bull proves to be lame, the seller will return purchase price, credit the purchase price or replace the animal with another of equal value in full settlement and satisfaction. In no event shall seller bear responsibility for more than the purchase price. If a bull becomes lame by reason of injury, negligence or mismanagement, the seller's guarantee shall be void.
Semen Interest: Powerline Bulls may only be used for natural service with animals owned or leased by you. All other uses of Powerline Bulls are strictly prohibited without the prior written consent of ABS, including (without limitation) semen collection, genotyping, or use in or for research and development.

FIRST BREEDING SEASON INSURANCE MORTALITY AND LOSS OF USE COVERAGE

Powerline Genetics Co. has arranged to make Insurance available for the first breeding season for all bulls sold in our fall 2017 bull sales. The coverage will provide traditional Full Mortality coverage for death from all natural and accidental causes including life-threatening injuries. The coverage has been extended to include Loss of Use for the first breeding season.

The coverage will be available sale day for those who choose to insure their bulls. The policy will insure Full Mortality of the bulls from the date of sale until March 1, 2018. All mortality claims will require a veterinarian's examination. Under the Loss of Use extension of coverage, the bull's inability to naturally service cows must be diagnosed by a veterinarian and immediately report to Powerline Genetics Co. A claim shall occur if after fourteen continuous days following the date of diagnosis and first report, the bull cannot be returned to natural service. Loss of Use Claims will be settled at 80% of the purchase price until January 15, 2018 and 60% of purchase price from January 16, 2018 until March 1, 2018.

The cost of the coverage is 10% of the purchase price of each bull. Powerline Genetics Co. will pay 5% of the purchase price or one-half the cost of the coverage. Thus, the cost of coverage to each buyer will be 5% of the purchase price. This amount will be added to the cost of your bulls at settlement if the insurance is requested. Buyers who do not request this coverage sale day will not have Loss of Use Coverage available at a later date. To be eligible for Loss of Use Coverage, a bull must have been determined to be a sound breeder by passing a breeding soundness evaluation as outlined by the Society for Theriogenology.

Salvage, if any, belongs to Powerline Genetics Co. Injured bulls shall be returned to Powerline Genetics Bull Test Center or Powerline Genetics Marketing Specialist before settlement can be made. Applicable settlement will be made after any salvage value has been determined and applied to the applicable settlement. Settlement can be check or credit towards another Powerline Genetics sale.
