At Hy-Plains we can assure you will feel confident in the business we do. Our professionals and high-quality equipment will guarantee that your experience with us is worth while.

Our management team is dedicated to the development of customer cattle with financing options available. Our location is attractive in relation to surrounding packing plants: 45 miles from Garden City, 45 miles from Liberal and 25 miles from Dodge City.

Our goal has held true since 1999, to provide an excellent feeding environment with superb performance for our customers. Recently, we expanded into the area of research including feed efficiency testing by purchasing GrowSafe feeding systems.
